

Ashendon Voices 2025

Ashendon Voices has been a feature of Ashendon village life for around 6 years. We started off as a weekly social event – an opportunity for us to meet, learn, to make new friends and spend time with existing ones. Although the social side continues to be of significant importance to us all, we have become so much more proficient at singing! We sing at church services, and we are always thanked and told how much we have improved! We sing at the Beaconsfield Festival of Choirs each year and can now favourably compare ourselves to some of the other participants, whilst realizing that we still have room to improve!

Our concert in July 2024 was very well received. We tackled some challenging songs in our programme of varied music. We were supported by Winchendon Brass, who entered into the spirit of the occasion. We always end our concert by singing ‘Sing Gently’ by Eric Whitacre, and, as is our custom, we invited our supporting instrumentalists to join us to achieve a very poignant finale to the evening’s music making.

We raised over £1000 for Bucks Association for the Care of Offenders (BACO)

As I hope you can see, Ashendon Voices is so much more than just a choir!

We would welcome new members! Please just turn up and spend an afternoon with us! We have several members from other villages, so please bring a friend!

Our next concert will be on Saturday, October 18th In St Mary’s Church.
Please come and support us!
